

FOR CATIA V5 USERS

# Moving from CATIA V5 to 3DEXPERIENCE?

## CATIA 3DEXPERIENCE Fundamentals for V5 Users

Get hands-on, instructor-led training designed to help CATIA V5 users understand the workflows, interface changes, and data-management differences in the 3DEXPERIENCE platform.

### Hands-on learning

Students are provided access to the software and licensing needed to complete classroom exercises.

### Live expert instructor

Learn from an industry-experienced instructor and ask how the material applies to your work.

### 90-day learning access

Students receive 90-day access to the online learning materials following the class.

### Rare in-person opportunity

GoEngineer does not frequently host CATIA classroom training at the Auburn Hills location.
