

## DEEP DIVE: CFD WITH SOLIDWORKS FLOW SIMULATION

A Virtual Event

Join GoEngineer for a webinar showcasing our CFD (Computational Fluid Dynamics) capabilities with SOLIDWORKS Flow Simulation. We will give an introduction to this powerful and fully integrated product that is used by several industries to tackle Fluid Flow and Thermal problems.

### Discussion will include

- Typical Analysis setup workflow
- Fluid Flow and Thermal Case Studies
- Parametric Studies to automate the analysis process

TUESDAY, MAR. 15, 2022  
12.00 PM PT
