# How to Join GoU2023 on GoldCast

Follow these simple steps to enter GoU for **both days** of the event.

You should have received a You're Registered email from GoEngineer <no-reply@goldcast.io>, Subject line: **GoU2023.** A calendar link was also sent. Your event link is included in both. **NOTE - Each event link is unique. Don't share your link.**

1. Click the Join Event button in your confirmation email, or calendar invite. Google Chrome is the suggested platform for optimal viewing.

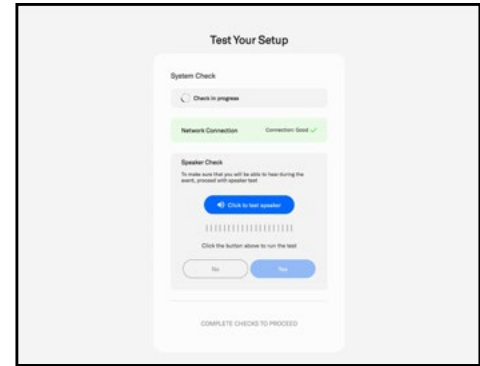

These links are specific TO YOU.

To help a team mate find their link, ask them to check their spam folder, or submit a new registration here: **GoU Registration.** If you can still not find your registration Email Erica Manzella for a hand.

**2. Click "Enter Event" on the GoU2023 Splash Screen**

3. Perform a 'Tech Check'

to ensure your audio and video and screen share is working. You won't be required to go on camera or speak if you aren't presenting, but you can make use of your mic and webcam in Rooms or video chats.

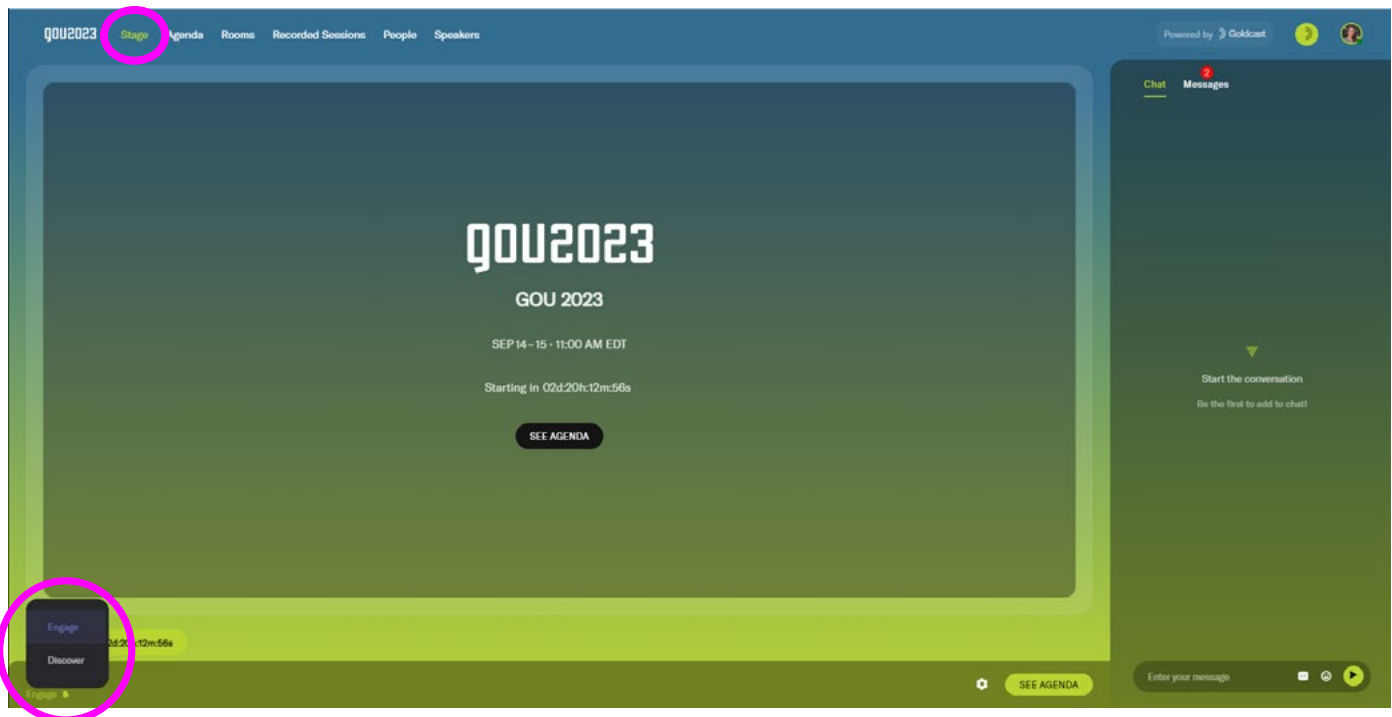

4. Create a Profile

Add your headshot, Name, title, location, social links, etc. You'll be able to see attendee profiles of attendees so add interest tags to show off your hobbies and find common interests with your team mates.

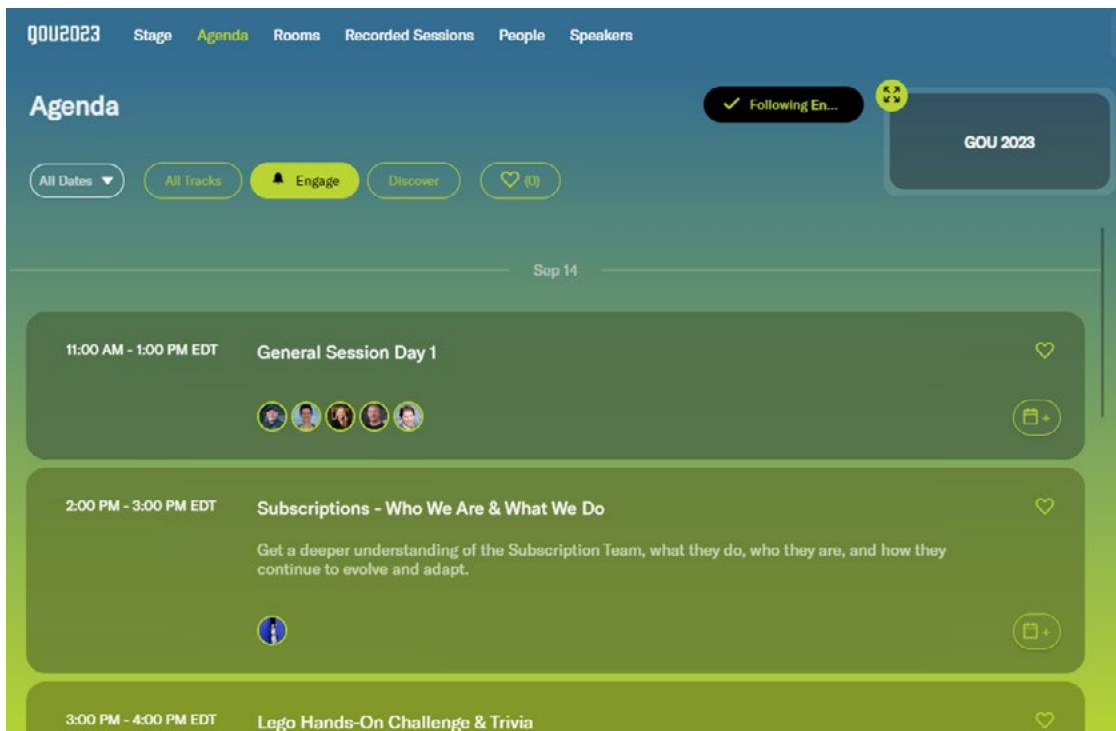

You're In!

Welcome to the 'Stage', stay on this tab and you won't miss a beat, the general session will play here followed by the default optional breakout sessions that follow.

If you want to view a different breakout session, toggle between tracks at the bottom left of your screen.
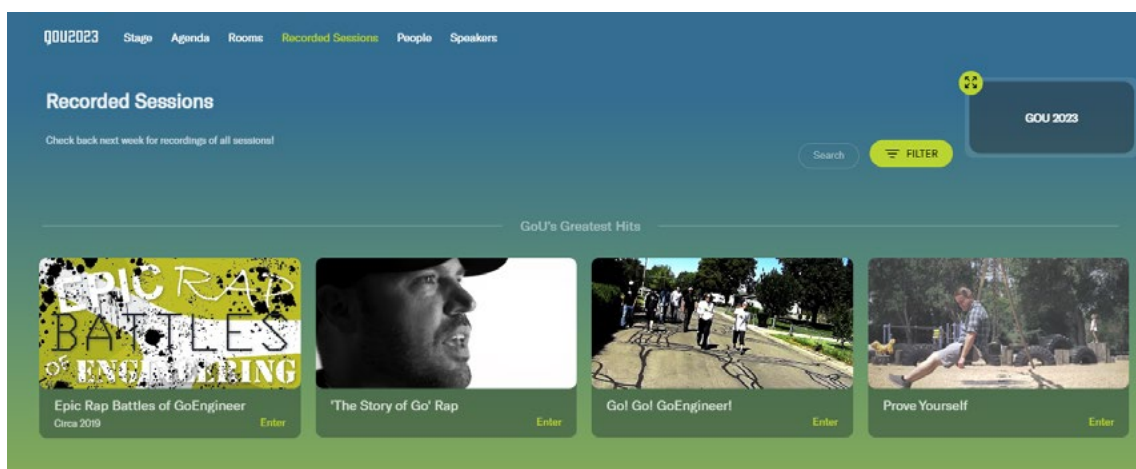

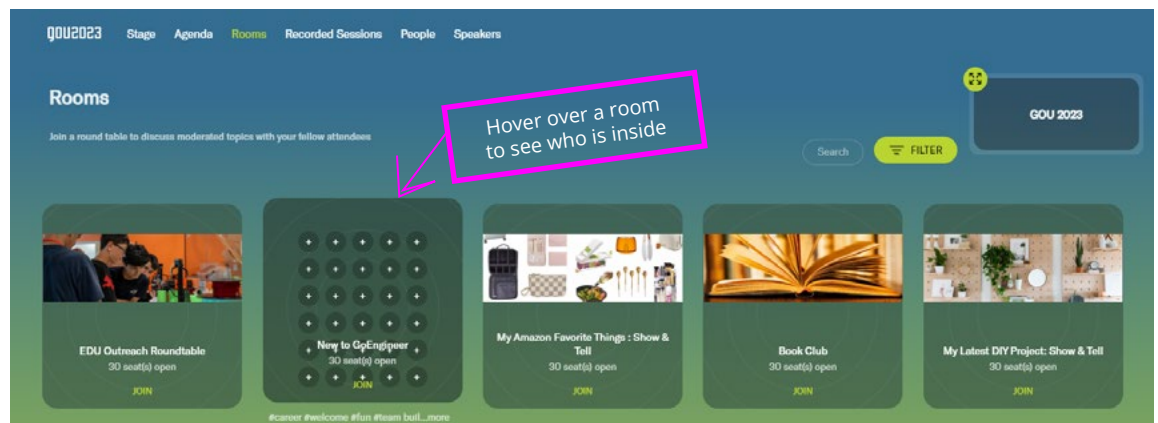

Agenda

Check the agenda for an overview of the day, create session specific calendar invites for yourself for the break-outs you don't want to miss!
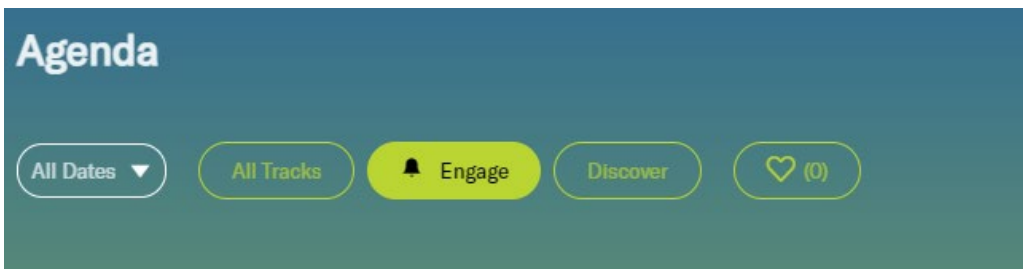

See Agenda

Rooms

Rooms are open video calls that can hold up to 30 people. Rooms will be accessible for the duration of the event. Each is themed with a conversation topic, so start your day, spend lunch, or have happy hour in a room chatting with colleagues.

Hover over a room to see who is inside

Recorded Sessions

This tab will host the recorded versions of each live session of GoU, check back after the event to see general session and breakout session recordings here.
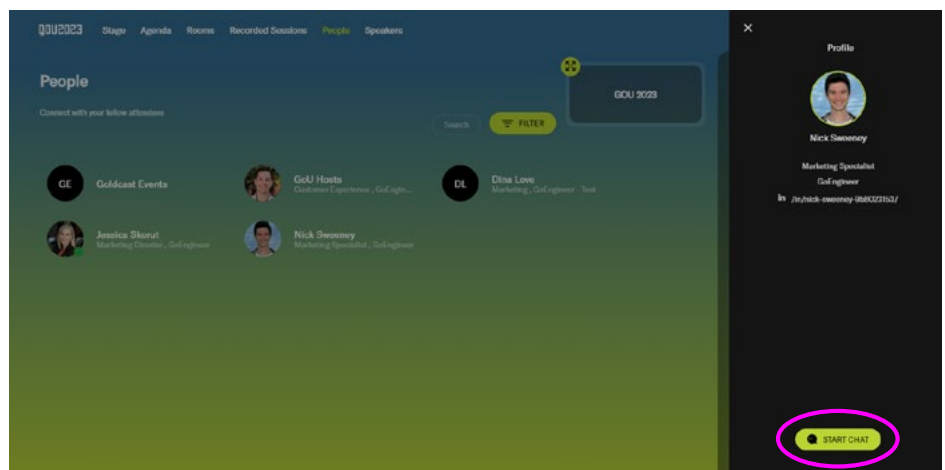

Tracks

Breakout sessions happening at the same time are separated by Track. You can see all sessions on the Agenda tab, and change the session you are viewing on stage by selecting "Change Track" at the bottom left of you screen.

the bell symbol notes which track is currently showing on your stage.

Chat

Emoji and GIF it up! Share comments with the entire audience during sessions, or navigate to the people tab (pictured) and send a direct chat to a teammate you want to catch up with!
