

## DRIVING INNOVATION: ADDITIVE MANUFACTURING APPLICATIONS FOR AUTOMOTIVE

A Virtual Event

How could you be leveraging additive manufacturing? Join us in this live session and see how industry leaders such as GM, Lamborghini, and more are utilizing 3D printed parts today.

### Discussion will include:

- Producing Carbon-Fiber Prototypes
  - 90% lead time savings
- Replacing aluminum tools
  - 75% cost savings
  - 55% weight reduction
- Designing custom jigs
  - 66% reduction in manufacturing time

**TUESDAY, MAR. 8, 2022**  
12.00 PM PT
