All Machine Parts are Included (Excluding Parts Deemed Consumables by Stratasys)

- All software and firmware updates to the systems are included.
- Software/Hardware updates are provided at GoEngineer discern and can be combined with on-site visit for repair or maintenance (excluding optional updates).
- Wash station and secondary/post processing systems are not included with the printer maintenance.

Labor Included

Labor for diagnosing repair or maintenance included.

- On-site service visits occur when GoEngineer determines, in its sole discretion, that phone and email support cannot be rendered to resolve the problem.
- Assistance from customers with diagnosing and performing tests is required within a reasonable amount of time as to allow GoEngineer to make the determination of the necessity of an on-site visit.

Preventative Maintenance Visit

PM visit performed once a year to check on normal wear and tear of the machine.

- Maintenance visits will usually occur somewhere between months 9–12 on a full contractual year (based on maintenance start date). Preventative maintenance visit must be completed before maintenance terms expire.

PM Visit Includes

- Firmware/Software check/upgrade.
- Operational check of machine: belt, guide rods, blower fans, door lock, filter, purge bucket.
- Customer will need to provide GoEngineer technician modeling bases to perform calibration testing.

Travel Fees (Currency is in USD)

- Travel Charge (100 – 499 miles outside a GoEngineer office): \$500 USD
 - This applies for any visit, including preventive maintenance visits.
 - For repair visits with customers on maintenance, this charge applies on a “per incident” basis.
- Travel Charge (500+ miles outside a GoEngineer office): \$1,000 USD
 - This applies for any visit, including preventive maintenance visits.
 - For repair visits with customers on maintenance, this charge applies on a “per incident” basis.

Recertification Process / Fee (\$1500 USD)

- The machine must be in good working condition.
- Identifying and repairing defective parts are required prior to a new maintenance contract.
- Recertification fee is waived if a new contract is put in place within 30 days after a repair.
- Working condition, meaning the system is operational. This includes but is not limited to the following: the printer is not missing parts, has not been dismantled, and/or has not sustained major damage, and the major components of the system (such as the mechanical and electrical components) function properly.
- Replacement parts ordered within 30-day days of the recertification are not covered under the maintenance contract.
- Stratasys requires a Recertification Acknowledgement Letter to verify recertification eligibility.

Off Maintenance / Time & Material Rates

- Half day visit \$1,000 USD (up to 4 hours)
- Full day visit \$2,000 USD (up to 8 hours)
- Preventative maintenance \$1,350 USD (estimate)
- Parts are separate and can range from \$50 to \$5,000+ USD (estimate)
 - 90-day warranty on replacement parts
